FARM MANAGEMENT DEPOSIT

Product Summary

Features

- designed to allow eligible[^] primary producers[#] with a taxable non-primary production income of not over \$100,000 to shift before-tax income from years when they need it least to years when it is most needed to help manage their exposure to adverse economic events and seasonal fluctuations.
- the FMD Scheme which is managed by the Australian Government allows eligible primary producers in the scheme to deduct the amount of any Farm Management Deposit they own from their assessable income for the income year in which the deposit is made. However, the amount of the deductions cannot exceed their taxable primary production income for the year. If a Farm Management Deposit is withdrawn, the amount of the deduction previously allowed is included in their assessable income in the withdrawal tax year.
- funds on-call minimum withdrawal amount \$1,000 OR whole balance on closure of the account
- branch access only - withdrawals by cash, "bank" cheque or transfer to another Auswide Bank account under same client number
- telephone, internet and mobile banking access (view only)
- minimum opening balance - \$1,000
- maximum balance - \$800,000
- no account service fee or transaction fees
- statements issued 6 monthly

[^] Eligibility criteria and terms and conditions apply to this account - please refer to the additional terms and conditions available in the Mandatory Statement "Additional Terms & Conditions for Farm Management Deposit FMD." We can choose not to accept a FMD anytime. An individual can own more than one FMD and can own FMD's with different FMD providers, but the sum of the balances of all of the FMD's of an owner must not be more than the maximum deposit limit of \$800,000. Available to individuals only - companies or other entities are not eligible. Deposits can not be made by two or more people jointly, or made on behalf of two or more people. Trustees can only make deposits on behalf of a beneficiary who is entitled to a share of the income of the trust estate and is under a legal disability. Please check with the Department of Agriculture and Water Resources if you are unsure of your eligibility status.

[#] A primary producer is an individual who:

- has a primary production business in Australia, (eg. dairy farm, trout hatchery, olive grove, pecan plantation, orchardist, wheat farm, beef, cattle lot etc) but not as a trustee of a trust estate.
- is a partner (not a company) in a partnership that has a primary production business in Australia, or is a beneficiary (not a company) who is currently entitled to a share of the income of a trust estate where the trustee has a primary production business in Australia.

Please check with the Australian Tax Office if you are unsure of your status as a primary producer.

Interest

- interest rates are variable
- interest is calculated for the whole balance at the rate of interest that applies to your daily full account balance - the following formula is used: **If whole amount of balance is:**

up to \$800,000	a%	$\frac{\text{whole balance}}{365}$	x	$\frac{a}{100}$	= Z
-----------------	----	------------------------------------	---	-----------------	-----

Z = the amount of interest accrued **daily** on funds in your Farm Management Deposit.

- interest calculated on the term of your deposit, up-to but not including, the day of maturity (or before this if it is broken early)
- interest is paid and credited monthly to your nominated Auswide Bank transaction account under the same client number
- current interest rates available by contacting Auswide Bank
- While legislation allows the use of a FMD to offset interest cost on primary production business debt, Auswide Bank does not provide this offset facility.

Product Risks

- interest rates applicable to this account are determined from time to time and are subject to change without notice
- this type of account may not suit the particular objectives, financial situation or needs that are unique to you - it is recommended applicants seek independent accounting or taxation advice for full tax consequences
