## Product Summary

### Features

- A 100% interest offset on-call transaction account available only to Auswide Bank home loan borrowers ~~
- Every dollar in your Mortgage Offset Professional will be matched with a special benefit that is the same as the interest rate charged on your loan
- This reduces the interest charges on your loan therefore enabling you to pay off your home loan earlier
- Maximise your home loan interest savings by increasing the daily balance of your Mortgage Offset Professional account
- Unlike interest income which is normally taxable, you do not pay tax on the mortgage offset benefit
- Telephone, internet and mobile banking (including smartphone app) access
- Electronic payments, BPAY, direct crediting, cheque book etc
- Visa Debit Card allows access to Australian and Overseas ATM's, EFTPOS and purchases by mail, phone or internet
- Branch and Bank@Post access
- Statement or passbook account options
- No minimum opening balance or balance to be retained

~~ The Mortgage Offset must be opened in the same name(s) as your home loan account and is not available on lines-of-credit.

### Interest

- funds in the Mortgage Offset do not attract interest
- the closing daily balance of your Mortgage Offset offsets 100% of the interest charged to the equivalent amount of the closing daily balance of the loan account
- this benefit is automatically taken into account when calculating monthly loan interest and any benefit applicable will be shown on your home loan statement
- no offset benefit is applicable to that part of the closing daily balance in the Mortgage Offset which is greater than the closing daily balance of the home loan

### Product Risks

- the percentage of offset interest benefits available to borrowers is determined by Auswide Bank and may be affected by government taxation legislation and policies in relation to these types of benefits. Should this offset interest percentage change at any time in the future you will be given prior notice in writing
- offset benefits will vary according to each borrower's financial situation
- offset benefits do not negate a borrower's responsibility to meet loan payments
- this type of account may not suit the particular objectives, financial situation or needs that are unique to you

Another method of avoiding some of these fees is to arrange for an automatic sweep from another Auswide Bank account to the account that is to be debited with your cheque, direct debit or external electronic payment.
