TERM DEPOSITS

Product Summary

Features

- earn a competitive rate of interest on \$500 or more
- your money is deposited for a fixed time at a fixed rate of interest
- a range of term deposits to suit your needs
- the term deposit you select and the interest rate you receive will depend on the amount of money you wish to invest (the principal) + the length of time you wish to invest it for (the term) + when and how you want your interest paid
- interest payment and maturity* options
- a personalised Investment Record showing all details of your term deposit
- branch, telephone, internet and mobile banking access

* Unless notified in writing or on the appropriate form - on maturity the deposit will be automatically renewed for a similar term at the applicable rate at that time.

Interest

- you can find out about our current term deposit interest rate offers by visiting a branch or our website
- interest is calculated for the term of your deposit up to the day of maturity (or before this if the term is broken early) using this formula:

$$\text{amount of deposit} \times \frac{\text{no of days of the term of your deposit}}{365} \times \frac{\text{interest rate}}{100} = Z$$

Z = the amount of interest paid over the term of your term deposit account

- interest will be paid according to the interest payment option you have chosen ie. monthly, quarterly, half-yearly, yearly or “on maturity”
- the interest rate is fixed - it will not change during the term of your deposit even if the interest rates we offer change in the meantime

Early withdrawal/closure - reduced interest

Interest rates are offered on the basis that you agree to invest an amount of money for a certain length of time. You can withdraw all of your term deposit funds at maturity without incurring an interest rate adjustment.

We may allow you to access your term deposit funds before maturity, however you will lose a proportion of the interest. The amount of interest charged as an interest rate adjustment will depend on how early in the term you seek to access your funds - as outlined in this table:

Proportion of term completed	Interest rate reduction	
31 days notice is required for early withdrawals*	up to 5%	95% of your deposit rate
	up to 25%	80% of your deposit rate
	up to 50%	60% of your deposit rate
	up to 75%	40% of your deposit rate
up to (but not including) 100%	20% of your deposit rate	

If, due to the interest payment frequency opted for, you have already received interest before the maturity date and you close your term deposit early - we will deduct a rate adjustment from your final interest payment and/or principal.

*If you lodged a new or rolled over an existing term deposit after 1 February 2017, any withdrawal of funds prior to maturity will be subject to 31 days notice. If you are considering requesting an early withdrawal, you should contact us to provide 31 days' notice for withdrawal of a part or all of the term deposit before maturity.

Product Risks

- as a term deposit interest rate is fixed for a term there is a risk that market rates can increase to a rate above the fixed rate on your term deposit, which means the amount of interest you receive may be less than what you may be able to receive at this time on a new term deposit
- Your circumstances may change whereby you require access to your term deposit prior to the agreed maturity date, in which case you will need to provide notice and a reduced rate of interest may be paid
- interest rates applicable to new term deposits and on renewal are determined by us and are subject to change without notice
- this type of account may not suit the particular objectives, financial situation or needs that are unique to you
- risks may apply to the use of Banking services available on this account. These risks and how you can minimise them are contained in the Auswide Bank 'Guide to Banking Services'

TERM DEPOSITS

Product Terms and Conditions

1. What is a Term Deposit?

A term deposit is money banked in an account for a fixed time at a fixed rate of interest.

2. Terms and Conditions

You agree to leave the deposit with us for the period of the term deposit. The funds will be available the day the term matures.

We agree not to change the interest rate for the fixed period of the term deposit unless you break the fixed term early.

Withdrawal of any principal before maturity date may be permitted only with prior notice to us. An interest rate adjustment which is less than the current term rate will apply on the amount withdrawn from the term deposit. The amount of interest charged as an interest rate adjustment will depend on how early in the term you've requested to withdraw from the term deposit - as per the table on page 3. These interest rate adjustments which are determined by us from time to time, will apply from either the date of the deposit if the term deposit is in its original term, or if the term deposit has rolled over, from the rollover date.

3. Special Term Deposits

We offer special term deposits from time to time with different terms and conditions. We will give you details of any additional conditions that apply to these term deposits.

4. Interest

Interest is calculated for the term of your deposit, up to but not including the day of maturity (or before this if it is broken early). Interest rates are annual percentage rates based on a 365 day year and on a simple interest basis unless otherwise stated.

5. Renewal

Upon maturity, unless you provide us with new instructions, your term deposit will automatically roll over for an identical term at our current interest rate applicable to that term. If your funds are renewed for the same fixed term as before, the applicable interest rate may be higher or lower than the interest rate that you received in the previous term. This is because the rates we offer change from time to time. Upon maturity should you wish to modify your term deposit, such as the amount invested or the length of the term, we will require your instructions 2 calendar days before but no later than 7 calendar days after the maturity date ("term deposit rollover grace period").

6. Statements

Statements are available on all term deposit accounts. You can ask for a statement of your account any time. You will be issued with a term deposit investment record at the time of opening your term deposit.

At least once every 12 months, or where otherwise required by a law or code, we may give you a statement showing all transactions on your account from the last statement.

You must read statements and other records of your term deposit accounts and write to us promptly if there is a mistake, if information is missing, or if statements show transactions you did not make.

7. Refusal

We can choose not to accept a term deposit at any time
