Directors' Statutory Report

Review and Results of Operations

The consolidated net profit after income tax for the year was \$19,040,249 - compared to \$22,675,036 for 2010/2011 - a decrease of 16.03%. Loans approved for the year totalled \$306,600,230.

Principal Activities and Significant Changes

There have been no significant changes in the principal activities of Wide Bay Australia Ltd ('the Company') during the financial year, which is the provision of banking facilities and financial services, including the raising of funds on deposits and the provision of finance over mortgages secured by residential property.

In June 2012, the bulk of loans insured with the Company's wholly owned Lenders Mortgage Insurance captive Mortgage Risk Management Pty Ltd (MRM) were transferred to QBE Lenders' Mortgage Insurance Limited (QBE). The only new business written by MRM going forward is in respect of existing borrowers retained by MRM. The MRM Board will review the activities of the captive going forward into the ensuing financial year.

Wide Bay Australia Ltd is a company limited by shares and incorporated in Australia.

The number of full time equivalent employees at 30 June 2012 was 239.

Matters Subsequent to the End of the Financial Year and Future Developments

There has been no matter or circumstance since the end of the year that will significantly affect the results of operations in further years or the state of affairs of the Company.

Capital adequacy as at 30 June 2012 was 13.40%.

Likely Developments

During 2011/2012, with the slowing in housing demand in the first 6 months, we experienced a decline in total outstanding loans. In more recent months, we have seen an overall strengthening and increase in loan applications. This has seen the loan book stabilise over the last six months.

We anticipate this demand will continue to increase in 2012/2013 and show improved growth in our outstanding loans for the year. We are constantly reviewing other avenues for increasing our lending volumes, particularly through the use of mortgage brokers and introducers.

Business Strategies and Prospects for Future Financial Years

The Company continues to focus on residential lending primarily through our own branch network, and to a lesser extent, mortgage broker introduced loans.

The Board intends that the Company will continue to look at all opportunities as they emerge, particularly mergers of 'like' institutions and/or acquisitions that will complement our overall operations.

Dividends

Ordinary Shares

Dividends paid or declared by the Company, since the end of the last financial year, are as follows:

- An interim fully franked dividend of 22.5 cents per ordinary share was paid on 30 March 2012 (30 March 2011 - 30 cents).
- A final fully franked dividend of 25 cents per ordinary share has been declared by the Directors and will be paid on 25 September 2012 (04 October 2011 - 30 cents).
- The Dividend Reinvestment Plan (DRP) has been withdrawn for the final dividend payable in September 2012, as with the restructuring of MRM it is anticipated that, subject to the actuaries calculations and APRA approval, a return of capital will be made from MRM to Wide Bay Australia Ltd. This will further enhance the Company's capital ratio.

Directors' Statutory Report

Remuneration Report

The fees payable for non-executive Directors are determined with reference to industry standards, the size of the Company, performance and profitability. The Directors' fees are approved by the shareholders at the Annual General Meeting in the aggregate and the individual allocation is approved by the Board.

Remuneration of senior executives and other executive Directors for 2011/12 was subject to the Remuneration Committee and ratified by the Board. Relevant remuneration was based on the individual's performance throughout the year, the duties and responsibilities undertaken and is set so as to reflect the remuneration commensurate with the market place, given those duties and performances.

The Board Remuneration Committee consists of all independent Directors with Mr J Pressler as Chairman.

No company performance based payments were made to senior executives during the year.

Directors' Statutory Report

Indemnities and Insurance Premiums for Officers and Auditors

During the financial year the Company has paid premiums to indemnify Directors and officers against personal losses arising from their respective positions within the Company. During the reporting period and subsequent to 30 June 2012, no amounts have been paid under the indemnities by the Company.

The Directors and Officers of the Company and its subsidiaries are insured against certain liabilities arising in the course of their duties. This premium is paid by the Company but under the confidentiality provisions of this policy, the Directors have not disclosed the nature of the liability, the insurer, the limit of liability or the premiums paid.

Non-Audit Services

During the year, Bentleys, the Company's Auditor, has performed certain other services in addition to their statutory duties.

The Board has considered the non-audit services provided during the year by the Auditor, and in accordance with advice provided by the Audit Committee, is satisfied that the provision of those non-audit services during the year by the Auditor is compatible with, and did not compromise, the auditor independence requirements of the Corporations Act 2001 for the following reasons:

- All non-audit services were subject to the Corporate Governance procedures adopted by the Company and have been reviewed by the Audit Committee to ensure they do not impact the integrity and objectivity of the Auditor, and
- The non-audit services provided do not undermine the general principles relating to auditor independence as set out in Code of Conduct APES 110 'Code of Ethics for Professional Accountants' issued by the Accounting Professional and Ethical Standards Board, as they did not involve reviewing or auditing the Auditor's own work, acting in a management or decision making capacity for the Company, acting as an advocate for the Company or jointly sharing risks and rewards.

A copy of the Auditor's Independence Declaration, as required under Section 307C of the Corporations Act, is included in the Directors' Statutory Report.

Non-audit services paid to Bentleys are as follows:

	\$ 2012	\$ 2011
Services provided in connection with the:		
Tax return (including subsidiaries)	21,916	17,741
Tax advice	21,532	8,219
Other services	4,092	23,230
Total	47,540	49,190

Auditors' Independence Declaration

under Section 307C of the Corporations Act 2001
to the Directors of Wide Bay Australia Ltd

I declare that, to the best of my knowledge and belief, during the year ended 30 June 2012 there have been:

- no contraventions of the auditor independence requirements as set out in the Corporations Act 2001 in relation to the audit; and
- no contraventions of any applicable code of professional conduct in relation to the audit.

Notes to the Financial Statements

for the year ended 30 June 2012

Note 1

BASIS OF PREPARATION

The financial report is a general-purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act 2001 and Australian Accounting Standards. The financial report has also been prepared on a historical cost basis, except for land and buildings, derivative financial instruments and available-for-sale financial assets that have been measured at fair value.

The financial report complies with Australian Accounting Standards, which include Australian equivalents to International Financial Reporting Standards ("AIFRS"). Compliance with AIFRS ensures that the financial report, comprising the financial statements and notes thereto, complies with International Financial Reporting Standards ("IFRS").

The financial report covers the consolidated group of Wide Bay Australia Ltd and controlled entities, ("consolidated entity/economic entity") and Wide Bay Australia Ltd as an individual parent entity ("the society/company"). Wide Bay Australia is a listed public company, incorporated and domiciled in Australia.

a) Principles of consolidation

A controlled entity is any entity Wide Bay Australia Ltd has the power to control the financial and operating policies of so as to obtain benefits from its activities.

All inter-company balances and transactions between entities in the economic entity, including any unrealised profits or losses, have been eliminated on consolidation. Accounting policies of subsidiaries have been changed where necessary to ensure consistencies with those policies applied by the parent company.

Where controlled entities have entered or left the economic entity during the year, their operating results have been included/excluded from the date control was obtained or until the date control ceased.

Minority equity interests (non-controlling interests) in the equity and results of the entities that are controlled are shown as a separate item in the consolidated financial report.

b) Income tax

The economic entity adopts the liability method of tax-effect accounting whereby the income tax expense is based on the profit from ordinary activities adjusted for any non-assessable or disallowed items.

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled. Deferred tax is credited in the statement of comprehensive income except where it relates to items that may be credited directly to equity, in which case the deferred tax is adjusted directly against equity.

Deferred income tax assets are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised.

The amount of benefits brought to account or which may be realised in the future is based on the assumption that no adverse change will occur in income taxation legislation and the anticipation that the economic entity will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

Tax consolidation legislation

The company and all its wholly-owned Australian resident entities are part of a tax-consolidated group under Australian taxation law as of the financial year ended 30 June 2008. Wide Bay Australia Ltd is the head entity in the tax consolidation group, and as a consequence recognises current and deferred tax amounts relating to transactions, events and balances of the wholly-owned Australian controlled entities in this group as if those transactions, events and balances were its own, in addition to the current and deferred tax amounts arising in relation to its own transactions, events and balances. The tax consolidated group has not entered into a tax sharing agreement.

c) Property, plant & equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Freehold land and buildings are shown at their fair value (being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction), based on periodic, but at least triennial, valuations by external independent valuers, less subsequent depreciation for buildings.

Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the re-valued amount of the asset.

Plant and equipment are measured on the cost basis less depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the asset's employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of comprehensive income during the financial period in which they are incurred.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation reserve in shareholders' equity. Decreases that offset previous increases of the same asset are charged against fair value reserves directly in equity; all other decreases are charged to the statement of comprehensive income.

Depreciation

The depreciable amount of all fixed assets including building and capitalised lease assets, but excluding freehold land, is depreciated on a straight line basis over their useful lives to the economic entity commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation periods used for each class of depreciable assets are:

- Buildings - 40 years
- Plant and equipment - 4 to 6 years
- Leasehold improvements - 4 to 6 years or the term of the lease, whichever is the lesser

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

d) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, that are transferred to entities in the economic entity are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over their estimated useful lives where it is likely that the economic entity will obtain ownership of the asset or over the term of the lease.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Note 1

e) Financial instruments

Recognition

Financial instruments are initially measured at cost on trade date, which includes transaction costs, when the related contractual rights or obligations exist. Subsequent to initial recognition these instruments are measured as set out below.

The group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by the group is recognised as a separate asset or liability. The group derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

Financial assets at fair value through profit and loss

A financial asset is classified in this category if acquired principally for the purpose of selling in the short term or if so designated by management. Realised and unrealised gains and losses arising from changes in the fair value of these assets are included in the statement of comprehensive income in the period in which they arise.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are stated at amortised cost using the effective interest rate method, less any impairment losses.

Held-to-maturity investments

These investments have fixed maturities and it is the group's intention to hold these investments to maturity. Any held-to-maturity investments held by the group are stated at amortised cost using the effective interest rate method, less any impairment losses.

Available-for-sale financial assets

Available-for-sale financial assets include any financial assets not included in the above categories. Available-for-sale financial assets are reflected at fair value. Unrealised gains and losses arising from changes in fair value are taken directly to equity.

Financial liabilities

Non-derivative financial liabilities are recognised at amortised cost, comprising original debt less principal payments and amortisation.

Share capital - Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options are recognised as a deduction from equity, net of any tax effects.

Fair value

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

Impairment

At each reporting date, the group assess whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in the statement of comprehensive income.

f) Investments in associates

Investments in associate companies are recognised in the financial statements by applying the equity method of accounting where significant influence is exercised over an investee. Significant influence exists where the investor has the power to participate in the financial and operating policy decisions of the investees but does not have control or joint control over those policies.

The financial statements of the associate are used by the group to apply the equity method. The reporting dates of the associate and the group are identical and both use consistent accounting policies.

The investment in the associate is carried in the consolidated and chief entity statement of financial position at cost plus post-acquisition changes in the group's share of net assets of the associate, less any impairment in value. The consolidated and chief entity statement of comprehensive income reflects the group's share of the results of operations of the associate.

Where there has been a change recognised directly in the associate's equity, the group recognises its share of any changes and discloses this, when applicable, in the consolidated and chief entity statement of changes in equity.

g) Goodwill

Goodwill acquired in a business combination is initially measured at its cost, being the excess of the cost of the business combination over the group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities recognised at the date of the acquisition. Goodwill is subsequently measured at its cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill is allocated to each of the group's cash-generating units, or groups of cash-generating units, expected to benefit from the synergies of the business combination. Cash-generating units or groups of cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently if events or changes in circumstances indicate that goodwill might be impaired.

h) Intangibles

Goodwill and goodwill on consolidation are initially recorded at the amount by which the purchase price for a business or for an ownership interest in a controlled entity exceeds the fair value attributed to its net assets at date of acquisition. Goodwill on acquisitions of subsidiaries is included in intangible assets. Goodwill on acquisition of associates is included in investments in associates. Goodwill is tested annually for impairment and carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

i) Employee benefits

Provision is made for the economic entity's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

j) Provisions

Provisions are recognised when the group has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

k) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of three months or less.

l) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

m) Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the group and the revenue can be reliably measured.

Interest is recognised as it accrues (using the effective interest method, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument) to the net carrying amount of the financial asset.

Dividend revenue is recognised when the shareholder's right to receive the payment is established.

Fees and commissions are recognised as revenue or expenses on an accrual basis.

Premium Revenue - Mortgage Risk Management Pty Ltd

Premiums have been brought to account as income from the date of attachment of risk. Direct Premiums comprise amounts charged to the policy holder, excluding stamp duties collected on behalf of the statutory authorities. The earned portion of premiums received and receivable is recognised as revenue.

n) Loans and advances - Doubtful Debts

During the year the insurance for a significant portion of loans was transferred from MRM to QBE. MRM will continue to insure the remaining portfolio not transferred, with all new loans in excess of 80% LVR being insured with QBE going forward.

As at 30 June 2012 there were two loans on which interest was not being accrued due to hardship concessions. Specific provisions for doubtful debts and write-off of debts are in respect of overdrawn savings accounts, leases, secured commercial loans and relevant non recoverable amounts

Note 1

o) Adoption of new and revised accounting standards

There were no material changes as a result of adoption of new and revised Accounting Standards during the year.

p) New standards and interpretations not yet adopted

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the group. The group has decided not to early adopt any of the new and amended pronouncements.

The group's assessment of the new and amended pronouncements that are relevant to the group but applicable in future reporting periods is set out below:

- **AASB 9: Financial Instruments** (December 2010) and **AASB 2010-7: Amendments to Australian Accounting Standards arising from AASB 9** (December 2010) [AASB 1, 3, 4, 5, 7, 101, 102, 108, 112, 118, 120, 121, 127, 128, 131, 132, 136, 137, 139, 1023 & 1038 and Interpretations 2, 5, 10, 12, 19 & 127] (applicable for annual reporting periods commencing on or after 1 January 2013).

These Standards are applicable retrospectively and include revised requirements for the classification and measurement of financial instruments, as well as recognition and derecognition requirements for financial instruments.

The key changes made to accounting requirements include:

- simplifying the classifications of financial assets into those carried at amortised cost and those carried at fair value;
- simplifying the requirements for embedded derivatives;
- removing the tainting rules associated with held-to-maturity assets;
- removing the requirements to separate and fair value embedded derivatives for financial assets carried at amortised cost;
- allowing an irrevocable election on initial recognition to present gains and losses on investments in equity instruments that are not held for trading in other comprehensive income. Dividends in respect of these investments that are a return on investment can be recognised in profit or loss and there is no impairment or recycling on disposal of the instrument;
- requiring financial assets to be reclassified where there is a change in an entity's business model as they are initially classified based on: (a) the objective of the entity's business model for managing the financial assets; and (b) the characteristics of the contractual cash flows; and
- requiring an entity that chooses to measure a financial liability at fair value to present the portion of the change in its fair value due to changes in the entity's own credit risk in other comprehensive income, except when that would create an accounting mismatch. If such a mismatch would be created or enlarged, the entity is required to present all changes in fair value (including the effects of changes in the credit risk of the liability) in profit or loss. The group has not yet been able to reasonably estimate the impact of these pronouncements on its financial statements.
- **AASB 2010-8: Amendments to Australian Accounting Standards - Deferred Tax: Recovery of Underlying Assets** [AASB 112] (applies to periods beginning on or after 1 January 2012).
This Standard makes amendments to AASB 112: Income Taxes and incorporates Interpretation 121: Income Taxes - Recovery of Revalued Non-Depreciable Assets into AASB 112.
Under the current AASB 112, the measurement of deferred tax liabilities and deferred tax assets depends on whether an entity expects to recover an asset by using it or by selling it. The amendments introduce a presumption that an investment property is recovered entirely through sale. This presumption is rebutted if the investment property is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale.
The amendments are not expected to significantly impact the group.

- **AASB 10: Consolidated Financial Statements**, **AASB 11: Joint Arrangements**, **AASB 12: Disclosure of Interests in Other Entities**, **AASB 127: Separate Financial Statements** (August 2011), **AASB 128: Investments in Associates and Joint Ventures** (August 2011) and **AASB 2011-7: Amendments to Australian Accounting Standards arising from the Consolidation and Joint Arrangements Standards** [AASB 1, 2, 3, 5, 7, 9, 2009-11, 101, 107, 112, 118, 121, 124, 132, 133, 136, 138, 139, 1023 & 1038 and Interpretations 5, 9, 16 & 17] (applicable for annual reporting periods commencing on or after 1 January 2013).

AASB 10 replaces parts of AASB 127: Consolidated and Separate Financial Statements (March 2008, as amended) and Interpretation 112: Consolidation - Special Purpose Entities. AASB 10 provides a revised definition of control and additional application guidance so that a single control model will apply to all investees. The group has not yet been able to reasonably estimate the impact of this Standard on its financial statements.

- **AASB 11** replaces AASB 131: Interests in Joint Ventures (July 2004, as amended). AASB 11 requires joint arrangements to be classified as either "joint operations" (where the parties that have joint control of the arrangement have rights to the assets and obligations for the liabilities) or "joint ventures" (where the parties that have joint control of the arrangement have rights to the net assets of the arrangement). Joint ventures are required to adopt the equity method of accounting (proportionate consolidation is no longer allowed).

- **AASB 12** contains the disclosure requirements applicable to entities that hold an interest in a subsidiary, joint venture, joint operation or associate. AASB 12 also introduces the concept of a "structured entity", replacing the "special purpose entity" concept currently used in Interpretation 112, and requires specific disclosures in respect of any investments in unconsolidated structured entities. This Standard will affect disclosures only and is not expected to significantly impact the group.

To facilitate the application of AASBs 10, 11 and 12, revised versions of AASB 127 and AASB 128 have also been issued. These Standards are not expected to significantly impact the group.

- **AASB 13: Fair Value Measurement** and **AASB 2011-8: Amendments to Australian Accounting Standards arising from AASB 13** [AASB 1, 2, 3, 4, 5, 7, 9, 2009-11, 2010-7, 101, 102, 108, 110, 116, 17, 118, 119, 120, 121, 128, 131, 132, 133, 134, 136, 138, 139, 140, 141, 1004, 1023 & 1038 and Interpretations 2, 4, 12, 13, 14, 17, 19, 131 & 132] (applicable for annual reporting periods commencing on or after 1 January 2013).

AASB 13 defines fair value, sets out in a single Standard a framework for measuring fair value, and requires disclosures about fair value measurement.

AASB 13 requires:

- inputs to all fair value measurements to be categorised in accordance with a fair value hierarchy; and
 - enhanced disclosures regarding all assets and liabilities (including, but not limited to, financial assets and financial liabilities) to be measured at fair value.
- The impact of this Standard has not yet been assessed.

- **AASB 2011-9: Amendments to Australian Accounting Standards - Presentation of Items of Other Comprehensive Income** [AASB 1, 5, 7, 101, 112, 120, 121, 132, 133, 134, 1039 & 1049] (applicable for annual reporting periods commencing on or after 1 July 2012).

The main change arising from this Standard is the requirement for entities to group items presented in other comprehensive income (OCI) on the basis of whether they are potentially reclassifiable to profit or loss subsequently.

This Standard affects presentation only and is therefore not expected to significantly impact the group.

- **AASB 119: Employee Benefits** (September 2011) and **AASB 2011-10: Amendments to Australian Accounting Standards arising from AASB 119** (September 2011) [AASB 1, AASB 8, AASB101, AASB124, AASB134, AASB1049 & AASB 2011-8 and Interpretation 14] (applicable for annual reporting periods commencing on or after 1 January 2013).

These Standards introduce a number of changes to accounting and presentation of defined benefit plans. The group does not have any defined benefit plans and so is not impacted by the amendment.

AASB 119 (September 2011) also includes changes to the accounting for termination benefits that require an entity to recognise an obligation for such benefits at the earlier of:

- for an offer that may be withdrawn - when the employee accepts;
- for an offer that cannot be withdrawn - when the offer is communicated to affected employees; and
- where the termination is associated with a restructuring of activities under AASB 137: Provisions, Contingent Liabilities and Contingent Assets, and if earlier than the first two conditions - when the related restructuring costs are recognised.

The group has not yet been able to reasonably estimate the impact of these changes to AASB 119.

q) Comparative figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

r) Critical accounting estimates and judgments

The directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the consolidated entity. Details on critical estimates and judgements in respect of impairment of receivables, impairment of investments and impairment of goodwill are disclosed in Note 1 n), Note 11 and Note 15 respectively.

The economic entity has entered into securitisation transactions on residential mortgage loans that do not qualify for derecognition. The special purpose entity established for the securitisation is considered to be controlled in accordance with Australian Accounting Standards & Australian Accounting Interpretations. The economic entity is entitled to any residual income of the securitisation program after all payments due to investors and costs of the program have been met, to this extent the economic entity retains credit and liquidity risk.

The impact on the consolidated and chief entity is an increase in liabilities - securitised loans - of \$798.597 million (30 June 2011 - \$971.803 million).

Concentration of risk

The loan portfolio of the society does not include any loan which represents 10% or more of capital.

Controlled entities

Mortgage Risk Management Pty Ltd ("MRM") is a wholly owned subsidiary of Wide Bay Australia Ltd and is a registered lenders' mortgage insurance provider. The company acts solely for the purpose of insuring the society's residential mortgages and has received APRA approval.

The operations of MRM are subject to and under the supervision of APRA in respect of compliance and capital requirements.

Note 11

MRM meets APRA's acceptable LMI test and all residential mortgage loans insured with the company qualify for a concessional risk-weight for capital adequacy purposes.

During the year the insurance for a significant portion of loans was transferred from MRM to QBE. MRM will continue to insure the remaining portfolio not transferred, with all new loans in excess of 80%LVR being insured with QBE going forward.

The society controls a 51% share in **Wide Bay Australia Mini Lease Pty Ltd**. This company provides leasing and rental finance for businesses to acquire plant and equipment. The Directors have resolved not to issue new leasing and rental contracts and to wind the business down as existing contracts are paid out.

MPBS Holdings Pty Ltd is a wholly owned subsidiary which holds the property at 73 Victoria Street Mackay.

MPBS Insurance Pty Ltd is a wholly owned subsidiary which is no longer actively trading.

F.I. Software Solutions Pty Ltd is a wholly owned subsidiary which is no longer actively trading.

Investment accounted for using the equity method

On 29 July 2005, Wide Bay Australia Ltd acquired a 25% interest in Financial Technology Securities Pty Ltd. Financial Technology has operated since 1993 as financial planners using a plan that utilises investor equity for wealth creation, with Wide Bay Australia being one of their preferred lenders and Navigator their investment platform during that period. The company operates primarily in South East Queensland and New South Wales, with a large clientele developed over the years.

Financial Technology Securities Pty Ltd is not listed on any public exchange and therefore there is no published quotation price for the fair value of this investment. The reporting date of the associate is the same as Wide Bay Australia Ltd.

There were no impairment losses relating to the investment in the associate or other commitments relating to the associate.

The following table illustrates summarised information of the investment in Financial Technology Securities Pty Ltd:

GOODWILL ON CONSOLIDATION

Pursuant to a bidder's statement lodged with the Australian Securities & Investments Commission on 15 November 2007, the company issued an off-market takeover offer for 100% of the ordinary shares in Mackay Permanent Building Society Ltd (MPBS).

On 11 January 2008 the company announced the fulfilment of conditions pertaining to the off-market takeover offer set out in the bidder's statement and gave notice that the offer was unconditional effective 10 January 2008. In accordance with APRA's approval for the transfer of business the financial and accounting records of the entities were merged on 01 June 2008.

The financial accounting for this business combination was prepared in accordance with Australian Accounting Standards and as set out in note 1g), and recognises the acquisition date as 10 January 2008.

Note 15

Impairment testing

The cash-generating unit selected for impairment testing of goodwill was the Wide Bay Australia Ltd chief entity, as it is impractical to identify a separate MPBS cash generating unit within the chief and consolidated entity.

The goodwill disclosed in the Statement of Financial Position at 30 June 2012 was supported by the impairment testing and no impairment adjustment was required.

Impairment testing of goodwill was carried out by comparing the net present value of cash flows from the cash-generating unit to the carrying value of the goodwill in the balance sheet. The cash flows were based on projections of future earnings before taxation, depreciation and amortisation, plus expected receipts from the sale of capital assets.

The cash flows have been projected over a period of nine years as the MPBS entity has been acquired for the long term and there is no currently foreseeable intention to dispose of that business. The terminal value of the business beyond the year nine has been determined using a constant growth perpetuating formula.

The key assumptions used in carrying out the impairment testing were as follows:

- the trading results for the financial year ending 30 June 2012 represents the cash-generating potential of the consolidated entity;
- the estimated growth in the cash-generating unit cash flows over the testing period was 3.0% which compares to budgeted growth for the consolidated group of 4.0%;
- the net present value discount rate used in the impairment testing was 10.39% which represents the Weighted Average Cost of Equity to the consolidated group at 30 June 2012.

The estimated growth of 3% is considered to be a conservative parameter as the growth in the loan book of the consolidated entity has averaged 4.42% over the previous 5 years.

Staff Share Plan

09 December 2011 - 120,510 ordinary shares were issued.

Shares issued pursuant to the society's staff share plan were at a price of 90% of the weighted average price of the society's shares traded on the Australian Securities Exchange for the 10 days prior to the issue of the invitation to subscribe for the shares.

The members of the society approved a staff share plan in 1992 enabling the staff to participate to a maximum of 10% of the shares of the society. The share plan is available to all employees under the terms and conditions as decided from time to time by the Directors, but in particular, limits the maximum loan to each participating employee to 40% of their gross annual income. The plan requires employees to provide a deposit of 10% with the balance able to be repaid over a period of 5 years at no interest.

Dividend Reinvestment Plan (DRP)

04 October 2011 - 375,449 ordinary shares were issued.

30 March 2012 - 294,448 ordinary shares were issued.

Shares issued under the plan rank equally in every respect with existing fully paid permanent ordinary shares and participate in all cash dividends declared after the date of issue.

The shares issued under the DRP on 04 October 2011 and 30 March 2012 were issued at a discount of 5% on the weighted sale price of the company's shares sold during the five trading days immediately following the Record Date.

Share Placement

08 October 2010 - 1,035,000 ordinary shares were placed.

The company issued shares under a share placement at an issue price of \$9.67 per share to sophisticated, experienced and professional investors who subscribed for shares under the placement.

Share Purchase Plan

27 October 2010 - 1,522,350 ordinary shares were issued.

The company issued shares under a share purchase plan to strengthen the company's balance sheet by paying down debt and for funding of ongoing business activities. The shares were issued at an issue price of \$9.67 which represented a 7.5% discount to the volume weighted average sale price of shares sold on the ASX during the pricing period.

Shares issued under the Share Placement and Share Purchase Plan rank equally in every respect with existing fully paid ordinary shares and participate in all cash dividends declared after the date of issue.

c) Loans to key management personnel

The following table outlines the aggregate of loans to key management personnel. Details are provided on an individual basis for each of the key management personnel whose indebtedness exceeded \$100,000 at any time during this reporting period.

Loans have been made in accordance with the normal terms and conditions offered by the society and charged at the lowest available fixed interest rate available to the general public at the beginning of the Fringe Benefits Tax year. Therefore this interest rate would approximate an arms' length interest rate offered by the society.

Loans are also made in accordance with the Staff Share Plan approved by shareholders in 1992. The loans are repayable over 5 years at 0% interest, with the loans being secured by a lien over the relevant shares. Such loans are only available to employees of the society and there is no applicable arm's length interest to take into account in this note.

EVENTS SUBSEQUENT TO BALANCE DATE

The financial statements were authorised for issue by the Directors on the date the Directors' Declaration was signed.

Note 32

BUSINESS AND GEOGRAPHICAL SEGMENT INFORMATION

The society operates predominantly in one industry. The principal activities of the society are confined to the raising of funds and the provision of finance for housing. The society operates principally within the States of Queensland, New South Wales, Victoria and South Australia.

Note 33

CONCENTRATION OF ASSETS AND LIABILITIES AND OFF BALANCE SHEET ITEMS

The Directors are satisfied that there is no undue concentration of risk by way of geographical area, customer group or industry group.

Note 34

PRIOR PERIOD ADJUSTMENT

The society has adopted a policy of changing the repayment due date of customer loans from a common due date to the anniversary date of the loan. During this process an adjustment was required to be made to the cumulative interest accrual relating to prior periods. As the amount of the adjustment was immaterial, the balance sheet for the prior year has not been restated, however the adjustment has been shown as a line item in the Statement of Changes in Equity.

Note 35

FINANCIAL INSTRUMENTS

a) Capital Risk Management

The Australian Prudential Regulation Authority's ("APRA's") Prudential Standard APS110 aims to ensure that authorised deposit-taking institutions ("ADI's") maintain adequate capital, on both an individual and group basis, to act as a buffer against the risks associated with the group's activities. APRA requires capital to be allocated against credit, market and operational risk, and the group has adopted the 'standard model' approach to measure the capital adequacy ratio.

The group's management prepares a 3 year capital plan and monitors actual risk-based capital ratios on a monthly basis to ensure the capital ratio complies with APRA's guidelines and the Board's targets. The Board's target is for the capital adequacy ratio to be maintained above 13%. During the 2012 and 2011 financial years the capital adequacy ratios of both the consolidated and chief entities were maintained above the target ratio.

The capital adequacy calculations at 30 June 2012 and 30 June 2011 have been prepared in accordance with the revised prudential standards incorporating the Basel II principles.

APRA Prudential Standards and Guidance Notes for ADI's provide guidelines for the calculation of capital and specific parameters relating to Tier 1 and Tier 2 capital and deductions from capital, including a requirement for Tier 1 capital to comprise at least 50% of total capital. Tier 1 capital comprises the highest quality components of capital and includes ordinary share capital, reserves and retained earnings less specific deductions. Tier 2 capital comprises other capital components including general reserve for credit losses, asset revaluation reserve and term subordinated debt less specific deductions.

Tier 2 capital is divided between "Upper Tier 2 capital" and "Lower Tier 2 capital" with Upper Tier 2 capital comprising components of capital that are more permanent in nature, with Lower Tier 2 capital comprising instruments that are not permanent. Lower Tier 2 capital net of specific deductions cannot exceed 50% of net Tier 1 capital.

The total risk weighted assets calculations are based on:

- credit risk arising from on-balance sheet and off-balance sheet exposures;
- market risk arising from trading activities;
- operational risk associated with banking activities; and
- securitisation risks.

Note 35

Details of the capital adequacy ratio on a chief entity and consolidated basis are set out below:

	CONSOLIDATED		CHIEF ENTITY	
	\$ June 2012	\$ June 2011	\$ June 2012	\$ June 2011
Total risk weighted assets	1,002,720,102	974,294,081	1,000,290,779	972,360,789
Capital base	134,338,752	142,373,153	133,770,593	142,237,036
Risk-based capital ratio	13.40%	14.61%	13.37%	14.63%

b) Interest Rate Risk Management

The Asset and Liability Management Committee (“ALMC”) is responsible for the analysis and management of interest rate risk inherent in the balance sheet through balance sheet and financial derivative alternatives. These risks are quantified in the Rate Sensitive Asset and Liability Gap Analysis Report (the “Gap Analysis Report”). ALMC’s function and role are:

- to review and analyse the interest rate exposures (as set out in the Gap Analysis Report) in the context of current wholesale interest setting;
- to compare the interest rate exposures set out in the Gap Analysis Report against the limits prescribed under the Interest Rate Risk Management Policy; and
- to ascertain whether the risks manifested in the Gap Analysis Report are appropriate given the committee’s view on interest rates.

At the reporting date, if interest rates had been 1.0% higher or lower and all other variables were held constant, the group’s net profit would decrease by \$853,665 or increase by \$853,665 (2011 - decrease by \$1,078,437 or increase by \$1,078,437). This is mainly due to the society’s exposures to fixed and variable rate loans, and deposit and securitisation liabilities.

The sensitivity analysis was derived from the Gap Analysis Report which calculates risk associated with movements in interest rates through the input of parameters for all financial assets and liabilities. The parameters used were consistent with those adopted for the prior period.

c) Liquidity Risk Management

The Board of Directors have built an appropriate liquidity risk management framework for the management of the group’s short, medium and long-term funding and liquidity management requirements. The group manages liquidity risk by maintaining adequate reserves, credit facilities and reserve borrowing facilities, and continually monitoring forecast and actual cash flows.

Liquidity is monitored by management and a projection of near future liquidity (30 days) is calculated daily. This information is used by management to manage liquidity.

An additional reserve equivalent to a minimum of 5% of the society’s liability base assessed on a quarterly basis is set aside and isolated as additional liquidity available in a crisis situation.

d) Credit Risk Management

Under the direction of the Board of Directors, management has developed risk management policies and procedures to establish and monitor the credit risk of the society. The risk management procedures define the credit principles, lending policies and the decision making processes which control the credit risk of the society. Credit risk is minimised by the availability and application of insurances including lender’s mortgage insurance, title insurance, property insurance, mortgage protection insurance and consumer credit insurance. Credit risk in the loan portfolio is managed by protecting all loans in excess of 80% LVR with either one of the recognised mortgage insurers or through the society’s wholly owned subsidiary Mortgage Risk Management Pty Ltd, an approved lenders’ mortgage insurer, and by securing the loans by first mortgages of residential property.

Note 35

The society has a diversified branch network consisting of 42 branches and agencies across Queensland, branches in Sydney and Melbourne and a lending centre in Adelaide. As a result the geographic risk is widely dispersed. All regional loan staff and panel valuers are locally based ensuring an in depth knowledge of the local economy and developments in the real estate market.

The Board of Directors and management receive reports on a monthly basis to monitor and supervise the past due loans in the portfolio and ensure credit procedures are adhered to on a timely and accurate basis.

The economic entity’s maximum exposure to credit risk at balance date in relation to each class of recognised financial asset is the carrying amount of those assets as indicated in the balance sheet. The maximum credit risk exposure does not take into account the value of any security held or the value of any mortgage or other insurance to cover the risk exposure.

The past due loans and advances for the group comprise:

	CONSOLIDATED		CHIEF ENTITY

Concentration of credit risk

The society minimises concentrations of credit risk in relation to loans receivable by undertaking transactions with a large number of customers principally within the states of Queensland, New South Wales, Victoria and South Australia.

The concentration of the loans and advances throughout Australia are as follows:

	% 2012	% 2011
Queensland	80.9	79.8
New South Wales	8.5	9.1
Victoria	8.6	9.2

Note 35

Terms, conditions and accounting policies

The economic entity's accounting policies, including the terms and conditions of each class of financial asset, financial liability and equity instrument, both recognised and unrecognised at the balance date, are as follows:

Recognised Financial Instruments	Notes to Accounts	Accounting Policies	Terms and Conditions
Financial assets			
Short term deposits	6 7	Short term deposits are stated at amortised cost. Interest is recognised when earned.	Short term deposits have an effective interest rate of 4.57% (2011 - 6.03%)
Accrued Receivables	8	Amounts receivable are recorded at their recoverable amount.	
Bills of exchange and promissory notes	9	Bills of exchange and promissory notes are stated at amortised cost.	Bills of exchange and promissory notes have an effective interest rate of 4.53% (2011 - 5.65%)
Certificates of deposit	9	Certificates of deposit are carried at amortised cost. Interest revenue is recognised when earned.	Certificates of deposit have an effective interest rate of 5.07% (2011 - 5.42%)
Notes	9	Notes are carried at amortised cost.	These notes are an overcover required as part of the securitisation of loans. They have an effective interest rate of 6.13% (2011 - 6.40%)
RMBS investments	9	RMBS investments are recorded at fair value through the Available for Sale Reserve.	
Mortgage Risk Management Pty Ltd Investments	9	Investments held by Mortgage Risk Management Pty Ltd are recorded at fair value through profit and loss.	
Loans and advances	10	Loan interest is calculated on the closing daily outstanding balance and is charged in arrears to the customer's account on a monthly basis. Loans and advances are recorded at amortised cost.	New mortgage loans approved with an LVR in excess of 80% will be insured under an arrangement with QBE, and are secured by first mortgage over residential property. Loans made for the purchase of staff shares are secured by the shares themselves. The loan to subsidiary is secured by a fixed and floating charge over all property, assets and rights of the subsidiary. Certain of the society's loans have been securitised and continue to be managed by the society. Further details are disclosed in note 10. The securitisation notes have a maturity period of greater than 30 years. The securitisation notes are eligible for repayment once the balance of the trust falls below 10% of the invested amount. Interest paid to the note holders is repriced on a monthly basis.
Financial liabilities			
Deposits	16	Deposits are recorded at the principal amount. Interest is brought to account on an accrual basis.	Details of maturity of the deposits are set out in note 16. Interest is calculated on the daily balance.
Payables and other liabilities	17	Liabilities are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the economic entity.	Trade creditors are normally settled on 30 day terms.
Dividends payable	5	Dividends payable are recognised when declared by the company.	Details of the final dividend declared by the company for the financial year ended 30 June 2012 are disclosed in note 5.
Subordinated capital notes	20	The subordinated capital notes are inscribed debenture stock.	These notes are issued for an initial period of 5 years and thereafter can be redeemed on an annual basis until the final redemption date of 10 years.

Note 35

Derivatives

Each of the securitisation trusts has an Interest Rate Swap in place to hedge against fixed rate loans held in the trust. The mark-to-market values at the end of the year were as follows:

	\$ 2012	\$ 2011
WB Trust 2010-1	325,300	348,000
WB Trust No.3	592,000	147,000

Total financial assets	2,634,158,178	2,643,752,751	2,640,068,000	2,648,885,867
Financial liabilities				
Deposits and short term borrowings	1,625,629,847	1,453,950,919	1,619,698,524	1,448,854,593
Payables and other liabilities	35,437,030	34,371,538	35,437,030	34,371,538
Securitised loans	798,597,187	971,802,659	799,840,145	973,165,368
Provisions	6,336,805	10,329,853	6,336,805	10,329,853
Subordinated capital notes	28,000,000	38,000,000	28,000,000	38,000,000
Total financial liabilities	2,494,000,869	2,508,454,969	2,489,312,504	2,504,721,352

The following methods and assumptions are used to determine the net fair values of financial assets and liabilities:

Cash and cash equivalents - The carrying amount approximates fair value because these assets are receivable on demand or have a short term to maturity.

Due from other financial institutions - The fair values of amounts due from other financial institutions are estimated using discounted cash flow analysis, based on current lending rates for similar types of investments. The carrying amount approximates fair value.

Accrued receivables - The carrying amount approximates fair value as they are short term in nature.

Financial assets - For the financial instruments traded in organised financial markets, fair value is the current quoted market price adjusted for any realisation costs.

Loans and advances - The fair values of loans receivable are estimated using discounted cash flow analysis, based on current lending rates for similar types of loans.

Other investments - The carrying amount for other investments is considered to be the reasonable estimate of net fair value.

Other assets - The carrying amount for these prepaid fees and expenses is considered to be the reasonable estimate of net fair value.

Deposits and short term borrowings - The fair values of deposits are estimated using discounted cash flow analysis, based on current lending rates for similar types of deposits.

Due to other financial institutions - The fair values of these liabilities are estimated using discounted cash flow analysis, based on current borrowing rates for similar types of borrowing arrangements.

Note 35

Payables and other liabilities - This includes interest payable and trade payables for which the carrying amount is considered to be a reasonable estimate of net fair value. For the liabilities which are long term the fair value is estimated using discounted cash flow analysis, based on current rates for similar types of liability.

Securitised loans - The fair values of securitised loans are estimated using discounted cash flow analysis, based on current lending rates for similar types of loans.

Provisions - The carrying amount approximates fair value.

Subordinated capital notes - The carrying amount approximates fair value.

Financial Instruments Measured at Fair Value

The financial instruments recognised at fair value in the statement of financial position have been analysed and classified using a fair value hierarchy reflecting the significance of the inputs used in making the measurements. The fair value hierarchy consists of the following levels:

- quoted prices in active markets for identical assets or liabilities (Level 1);
- inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices) (Level 2); and
- inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

Independent Auditor's Report

to the members of Wide Bay Australia Ltd
for the year ended 30 June 2012

Report on the Financial Report

We have audited the accompanying financial report of Wide Bay Australia Ltd (the company) and Wide Bay Australia Ltd and Controlled Entities (the consolidated entity), which comprises the statement of financial position as at 30 June 2012, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, a summary of significant accounting policies and other explanatory notes and the Directors' Declaration of the consolidated entity comprising the company and the entities it controlled at the year's end or from time to time during the financial year.

Directors' Responsibility for the Financial Report

The Directors of the company are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the Corporations Act 2001 and for such internal control as the Directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note 1, the Directors also state, in accordance with Accounting Standard AASB101: Presentation of Financial Statements, that the financial statements comply with International Financial Reporting Standards (IFRS).

Independent Auditor's Report

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements, and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the Auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the Auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001. We confirm that the independence declaration required by the Corporations Act 2001, provided to the Directors of Wide Bay Australia Ltd on 17 August 2012, would be in the same terms if provided to the Directors as at the date of this Auditor's Report.

Auditor's Opinion

In our opinion:

- a) the financial report of Wide Bay Australia Ltd and Wide Bay Australia Ltd and Controlled Entities is in accordance with the Corporations Act 2001, including:
 - i) giving a true and fair view of the company's and consolidated entity's financial position as at 30 June 2012 and of their performance for the year ended on that date; and
 - ii) complying with Australian Accounting Standards and the Corporations Regulations 2001; and
- b) the financial report also complies with the International Financial Reporting Standards as disclosed in Note 1.

Report on the Remuneration Report

We have audited the Remuneration Report included in the Directors' Statutory Report for the financial year ended 30 June 2012.

The Directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the Corporations Act 2001. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

Auditor's Opinion

In our opinion the Remuneration Report of Wide Bay Australia Ltd for the financial year ended 30 June 2012 complies with section 300A of the Corporations Act 2001.

Corporate Governance Statement

The Board of Directors of Wide Bay Australia Ltd has adopted a Board Charter which sets out the Company's compliance with the Australian Securities Exchange (ASX) Corporate Governance, Principles of Good Corporate Governance and Best Practice Recommendations. The 'Board Charter' is available on the Company's website www.widebayaust.com.au. Wide Bay Australia has complied with the principles in accordance with the Board Charter.

Principle 1: Lay solid foundations for management and oversight

In accordance with the regulatory standards, the Board has established a Group Board Remuneration Committee, chaired by Mr John Pressler and comprising all independent Directors, to carry out a performance evaluation of the Managing Director and other senior executives and provided to the Board following a report of discussions between the Chairman of the Committee and the Managing Director.

Wide Bay Australia is in compliance with Principle 1 and full details of the 'Board Charter' are available on www.widebayaust.com.au.

Principle 2: Structure the Board to add value

Independent Directors being non-executive Directors who are free of any business or other relationships that can materially interfere with their independence or the exercise of their judgement were:

John Humphrey	4 years in office
John Pressler	24 years in office
Peter Sawyer	25 years in office
Barry Dangerfield	9 months in office

The majority of independent non-executive Directors have many years of service and, with their experience and knowledge of the industry together with their diversified backgrounds, they continue to make an integral contribution to the ongoing development of the Company.

An independent Director is classified as being:

1. not a substantial shareholder or an officer of the Company;
2. not employed or previously employed in an executive capacity by the Company or Group;
3. not been a principal of a material professional adviser or a material consultant to the Company or Group within the last three years;
4. not a material supplier or customer of the Company or Group, or an officer of or otherwise associated directly or indirectly with a material supplier or customer;
5. does not have a material contractual relationship with the Company or Group other than as a Director.

The Company's Board Charter provides for independent Directors to have access to professional advice where required at the expense of the Company.

The executive Directors are:

Ron Hancock	33 years in office
Frances McLeod	9 years in office

Details of skills, experience and expertise relevant to each Director is set out in the Directors' Statutory Report.

Separately the Board does not have a formal Nomination Committee, with the full Board addressing such issues that would otherwise be considered by the Nomination Committee.

The Chairman conducts a performance evaluation in conjunction with the Directors of the Board on an annual basis. The performance also includes a 'fit and proper' test required under the APRA guidelines. The evaluation confirmed a satisfactory performance by the Board.

Wide Bay Australia is in compliance with Principle 2 and full details of the 'Board Charter' are available on www.widebayaust.com.au.

Principle 3: Promote ethical and responsible decision-making

Wide Bay Australia is in compliance with Principle 3 and full details are available on www.widebayaust.com.au under the Corporate Governance Section - 'ASX & Shareholder Disclosure' and 'Corporate Code of Conduct'.

The Board recognises the value of diversity and the benefits that flow from promoting a balanced and varied workforce. Wide Bay Australia appreciates the unique contribution of people from different backgrounds, including age, gender, ethnicity, culture and physical ability.

In relation to gender diversity, women accounted for approximately 86% of the Group's overall workforce in the 2011/12 financial year. The approximate representation of women by role within the Group in 2011/12 was as follows:

Role	Female Representation %
Directors	17%
Senior Managers	25%
Other roles	89%

Going forward, Wide Bay Australia is committed to working towards the Board's objective of fostering an inclusive workplace that embraces diversity, including continuing to incrementally grow the number of women performing senior roles.

Corporate Governance Statement

Principle 4: Safeguard integrity in financial reporting

The Audit Committee has a documented Charter, approved by the Board. The 'Audit Committee Charter' is available on the Company's website www.widebayaust.com.au and sets out the Company's compliance with the principles of the ASX Corporate Governance Council's 'Principles of Good Corporate Governance and Best Practice Recommendations'.

The internal and external auditors, the Managing Director, the Chief Financial Officer and the Chief Operating Officer are invited to Audit Committee meetings at the discretion of the Committee.

The names and qualifications of the Audit Committee, the number of meetings held and the number of meetings attended are set out in the Directors' Statutory Report.

Wide Bay Australia is in compliance with Principle 4 and full details are available on www.widebayaust.com.au under the Corporate Governance Section - 'Audit Committee Charter' and 'Appointment of External Auditors' which includes 'Rotation of the External Audit Partners'.

Principle 5: Make timely and balanced disclosure

Wide Bay Australia is in compliance with Principle 5 and full details are available on www.widebayaust.com.au under the Corporate Governance section - 'ASX & Shareholder Disclosure'.

Principle 6: Respect the rights of shareholders

Wide Bay Australia is in compliance with Principle 6 and full details are available on www.widebayaust.com.au under the Corporate Governance section - 'ASX & Shareholder Disclosure'.

Principle 7: Recognise and manage risk

The Audit Committee also carries out various aspects of the financial risk management process and the controls applicable. They are required to review regularly with management the appropriateness of policies and programs in respect of management assessment and any other activities that may be deemed relevant having regard to the prudential standards, APRA requirements and the ASX Corporate Governance Council's 'Principles of Good Corporate Governance and Best Practice Recommendations'.

The Managing Director and Chief Financial Officer in accordance with Section 295A of the Corporations Act 2001 have declared in writing to the Board, that the risk management systems and internal controls are operating efficiently and effectively in all material respects in relation to the financial reporting risks and are founded on a sound system of risk management, internal compliance and control which implements the policies of the Board.

Wide Bay Australia is in compliance with Principle 7 and full details are available on www.widebayaust.com.au under the Corporate Governance section - 'Audit Committee Charter'.

Principle 8: Remunerate fairly and responsibly

The fees payable for non-executive Directors are determined with reference to industry standards, the size of the Company, performance and profitability. The Directors' fees are approved by the shareholders at the Annual General Meeting in the aggregate and the individual allocation is approved by the Board.

In accordance with Prudential Standards, a Group Board Remuneration Committee was established in July 2010 replacing the former Remuneration Committee of John Pressler and Ron Hancock. Remuneration of the Managing Director, senior executives and other executive Directors is subject to the Group Board Remuneration Committee consisting of John Pressler (Chairman) and independent Directors, Peter Sawyer and John Humphrey.

Relevant remuneration is based on the individual's performance throughout the year, the duties and responsibilities undertaken and is set so as to reflect the remuneration commensurate with the marketplace, given those duties and performances.

No Company performance based payments were made to senior executives during the year.

The names of the members of the Remuneration Committee and their attendance at meetings for 2011/12 are set out in the Directors' Statutory Report.

Wide Bay Australia is in compliance with Principle 8 and full details are available on www.widebayaust.com.au under the Corporate Governance section.
